

THE SPEARWOOD PROGRESS ASSOCIATION

The aim of the Spearwood Progress Association is simply to make Spearwood a better place to live, work and visit.

The Spearwood Progress Association is a relatively new group, formed in 2018. We encourage all members of the community to become involved and help improve Spearwood.

We want the residents of Spearwood to have a wonderful, safe place to live, with facilities and events relevant to all residents. We recognize the needs of those who come into our suburb to work, supporting and operating all the businesses, shops and institutions. We encourage visitors to our suburb to enjoy the parks, facilities and shopping, attend the schools, institutions and functions and to engage with others in Spearwood.

The Spearwood Progress Association works closely with Cockburn Council to safeguard the unique local environmental systems, the parkland, built environment and the streetscapes of Spearwood. We aim to build stronger, safer, friendlier, more inclusive communities and will hold fun events to encourage people to meet neighbours and enjoy the suburb more.
